

Our KM solutions are not merely technology-based, but are developed, deployed, and supported through a customized program of strategic planning, training, work habit transformation, mentoring, and online communities of practice...

Key challenges	Solution	How it works	Results	Clients
<p>Aging workforce with large numbers of pending departures or retirements</p> <p>Serious risk of critical knowledge loss</p> <p>Delays and missed opportunities by having only one “go-to person” in a critical area</p>	<p>Strategic knowledge transfer</p> <p>Knowledge transfer mentoring</p>	<p>Identify people having knowledge critical to your organization’s success</p> <p>Systematically transfer that knowledge to others, and grow it</p>	<p>Faster, improved response to “pop-up” problems and opportunities</p> <p>Improved ability to attract and retain talent</p>	<p>Aera Energy (subcontract to Towers Watson, Arlington, VA)</p> <p>Lockheed Martin</p> <p>Abu Dhabi Police HQ</p> <p>InformationToday</p>
<p>Confusion and time wasted from searching large volumes of disorganized, redundant, or conflicting information</p>	<p>Information architecture</p> <p>Intranet usability design and testing</p>	<p>Get everyone on the same page regarding how your organization’s critical information is created, organized, accessed, and maintained</p>	<p>More efficient use of time and resources</p> <p>Greater accuracy and faster access to critical information</p>	<p>FBI (subcontract to IntegrityOne Partners)</p> <p>US Air Force, 505th Command & Control Wing (subcontract to L3/ExMG)</p>
<p>Time, money and resources wasted from repeating mistakes and “re-inventing the wheel”</p> <p>Conflicting priorities, tight budgets, and overworked staff</p> <p>Strong cultural resistance to knowledge-sharing</p> <p>Risk of regulatory fines and penalties due to lack of knowledge of complex and rapidly-changing regulations/policies</p>	<p>Strategic knowledge management</p>	<p>Systematically capture, share and apply critical knowledge such as lessons learned and best practices</p> <p>Clearly show how each person’s decisions directly impact the performance of the entire organization, and that everyone needs to work together</p>	<p>Faster and better decision-making</p> <p>Keep pace with and even lead the rapid changes in your market</p>	<p>Abu Dhabi Government</p> <p>Education Development Center, Inc., USA/India</p> <p>US Air Force: Space and Missile Systems Center; Air Force Research Laboratory</p> <p>Kalsec, Inc.</p> <p>World Health Organization</p> <p>Malaysian Ministry of Health</p>

AKSciences Corporate Capabilities Summary

Since 1993, Applied Knowledge Sciences, Inc. has helped transform government, non-profit, and commercial organizations into high-performance knowledge enterprises through the *science-based application of knowledge management*. Building on over thirty years of university-level research, AKSciences has developed a framework for knowledge-based transformation that has been applied successfully in dozens of organizations. AKSciences staff members have an average of 18 years professional experience. 40% hold Ph.D. degrees and 70% hold at least a Masters degree.

In 2008, AKSciences was recognized by KMWorld magazine as one of the Top 100 KM companies in the world.
